To: UIIA Motor Carriers
From: Debbie Sasko
AVP, Information Services
Re: UIIA Educational Webinars/Updated UIIA Web Interface

The Information Services website contains several useful informational tools for UIIA participants. We wanted to make sure that UIIA Motor Carriers are aware of the following reference guides available on our website:

- **Educational UIIA Webinars** – Motor Carriers can view pre-recorded webinars that provide overviews of specific provisions and processes related to the UIIA. For your convenience, links to these sessions are provided below should you wish to listen to these webinars:
 - **Overview of Recent Revisions to the UIIA** - <https://www.intermodal.org/overview-recent-uiia-revisions-0>
 - **Understanding UIIA Processes Part 1** (covers Equipment Return, Dispute Resolution & Binding Arbitration) - <https://www.intermodal.org/understanding-uiia-and-its-processes-part-1>
 - **Understanding UIIA Processes Part 2** (covers Administrative Procedures, Role of the IIEC and General FAQs) - <https://intermodal.org/understanding-uiia-its-processes-part-2>
- **Short Online Tutorials** – Short online step-by-step videos are available that demonstrate frequently performed actions by users within the UIIA application. These are available for Motor Carriers, Equipment Providers and Insurance Agents and can be found at <https://www.uiia.org/help-guides-webinars> and clicking on the appropriate user category.
- **Binding Arbitration Process Information** – Motor Carriers can find a resource of prior binding arbitration case decisions available on the UIIA website to determine if an issue has been previously reviewed by the arbitration panel. These are listed by type of claim (Per Diem and Maintenance & Repair) and by the section of the UIIA the binding arbitration decision was based on. In addition, the Binding Arbitration Packet is also available at <https://www.uiia.org/uiia-binding-arbitration-process>.
- **Information Service Overviews** – In addition to the UIIA program, IANA offers many other intermodal information services that may be of interest to participants. Videos providing a brief overview of each of these services is available on the Information Service website at <https://www.uiia.org/intermodal-information-services-videos>.

UIIA participants will be notified whenever new educational webinars are scheduled in 2021 so stay tuned for further announcements.

We also want to advise UIIA Motor Carriers that the UIIA web interface will be updated effective December 19th. The navigation bar within the application has been updated to group links under general headings and the color scheme of the application will now be consistent with our public website. An outline of the changes being introduced on December 19th is shown on the following page.

We would like to take this opportunity to thank your company for its continued support of the UIIA program and we wish you and your families a safe and happy holiday season. Thank you.

Motor Carrier Login – Navigation Bar Changes

Screenshot of MC Homepage

The screenshot displays the Motor Carrier login interface. On the left is a navigation bar with the following items: MOTOR CARRIER, Check eligibility (SCAC or name of EP), Manage Primary Account Info, Manage Users/Contacts, Billing/Payment Info, Manage Insurance Info, Access Driver Database (IDD), Access Street Interchange (SIA), Download EP Addenda Info, View EP/MC Status, EP Contact Directory, Name/SCAC Code Changes, MC Other Information, Access Equip. Return Loc. Dir. (ERLD), EP/MC Specific Details, and User Guide. The main content area is divided into three sections: 1. Sasko Intermodal Trucking profile with contact info for John Smith and Debbie Sasko. 2. UIIA Membership Status: ACTIVE, SCAC Code: XXPP, Next Bill Date: 01/01/2021, Number of Approved EPs: 2, Insurance Agent Code: FLYBZE, and Pending and/or Current EP Suspensions. 3. Equipment Providers section with 'Approved Equipment Providers' (SJKP, UIIAXX) and 'Pending Equipment Providers' (ACLU, APLU, BNAU, CMDU, EIMU).

Groupings on the Navigation Bar include:

Manage Primary Account Info:

- [Manage Acct Info](#)
- [Print UIIA Signature Page](#)

Manage Users/Contacts

- [Billing Users/Contacts](#)
- [Secondary Users](#)
- [Other Contacts](#)

Billing Payment/Info

- [Manage Payment Method](#)
- [UIIA Invoices](#)
- [Billing Users/Contacts](#)

Manage Insurance Information

- [Update Equipment Provider List](#)
- [Insurance Agent Code/Agent Info](#)
- [View Current/Pending Insurance](#)

Access Driver Database

Access Street Interchange (SIA)

Download EP Addenda Info

- [Download All EP Addenda](#)
- [EP Per Diem/Free Time Info](#)

View EP/MC Status

EP Contact Directory

Name/SCAC Code Changes

- [Change Name/SCAC](#)
- [View Name/SCAC Changes](#)

MC Other Information

- [Company Profile Info](#)
- [Demographic Info](#)

Access Equip. Return Loc. Dir. (ERLD)

EP/MC Specific Details

User Guide

In addition, the color scheme of the home page has changed, especially regarding the insurance summary. Active policies will show in green, expired policies in red, and terminated policies in gold.

Policy	Limit	Deductible	Effective Date	Expiration Date	Policy Number	Insurer Name	Insurance Agent
AL - PRIMARY	1,000,000	0	10/31/2020	11/30/2020	ASDFASDF	American Access Casualty Company	1 & Done Agency LLC
